## Come audition for our Performance Division Programs at NSSD!

These performing groups are for dedicated dancers who would like additional choreography and performing opportunities. Groups perform at various community venues, festivals, events, nursing homes, as well as hosting their own full productions twice a year.

The dancers develop close relationships and camaraderie through group outings to see professional dance productions, team building events, and holiday events.

These dancers gain exposure to a variety of choreography in a passionate, constructive, nurturing environment, while sharing their love of dance with their peers and community.

# Junior Intensives 7-11yrs.

Our Junior Intensives are great for dancers 7 years(2nd grade)-11 years as they include classes in a variety of dance styles: ballet, jazz, modern, musical theatre, lyrical, or hip-hop. In addition to these technique classes the dancers learn new choreography, class and performance etiquette, and creativity building exercises. Dancers are divided based on their age and dance experience. Participants attend Monday through Friday and bring their lunches for a mid-day “specialty hour.” Here, they get acquainted with other students or learn about dance through academic games and exercises. These intensives are a wonderful opportunity for dancers to grow and make new friends in a positive, nurturing environment.

# Senior Intensives 11yrs.-Teen

Our Senior Intensives are for the dedicated and serious dancer with a minimum of 2 years of dance training. This program is designed to improve the dancer’s skills and techniques, while broadening the dancer’s knowledge in a variety of styles. Intensive participants gain classroom discipline, self-esteem, and confidence.

Each program includes daily technique classes in ballet, modern, jazz, or contemporary, as well as choreography, yoga or Pilates. Dancers are divided based on their age and dance experience. Intensive participants attend Monday through Friday and bring their lunches for a mid-day “specialty hour.” They get acquainted with other students or focus on dance academia, with topics including dance history, injury prevention, stage make-up, and more. Intensive study students grow tremendously during these intensives and finish with a well-rounded comprehension of dance.

Our Senior Intensive is designed to provide exposure to a variety of dance styles and techniques. However, following enrollment, dancers will receive an option to select a concentration in Ballet or Contemporary. A dancer’s emphasis will be taken into consideration when determining class schedules throughout the intensive.
